As I understand no one has paid a deposit for a Caravan/motorhome/camping site, therefore it will be necessary to either phone or book online to secure a site.

Emma the previous Manager, has advised that she will pass on the list of people who have rung and requested a site for the rally period.

As no deposit has been paid CMCA cannot book you a site. So please either phone or book online to secure your site. I have been assured there are plenty of sites available.

CMCA's policy is that the full cost must be paid at the time of booking.

The daily cost is \$35 for CMCA members and \$40 for non-members.
